

Chad and Paula Kivette

24/7 Church Sevierville

It's almost unbelievable that we have already made it to the spring of 2021. Who would have imagined that we would be trying to start a church during this dreadful Covid 19? So many churches are struggling to get people to attend; yet you have been so faithful to support us here in Sevier County. Many of you have made the trip here for vacation and visited our church. We are thankful for all of you! Thank you for your prayers.

We are blessed here at the 24/7 Church. We have seen some visitors in the last few months, not as many as I'd like, but nonetheless, we have had them. We baptized seven a few weeks ago and could not be happier about their salvation decision to follow Christ. We posted the video on our Facebook page if you would like to see it.

Let me mention here that the best way to keep up with our church is to like the Facebook page. There are usually encouraging verses and quotes each day as well as the Sunday service on there each week. What better ways to keep up with the church you help build than that? Pray for our families in the church. We have had three deaths directly connected to our church in the last few weeks. You all know how difficult it is to lose those you love. We have also had a few that were diagnosed with the Coronavirus. All of these things tend to deflate the church plant trying to get off the ground. On top of that, trying to get the lost to come to church when the saved aren't coming to church is DIFFICULT. So PRAY!

We have made a few more purchases for the church due to your generous support. We purchased a portable baptistery and a commercial grade convection oven. They both will be very helpful in building the church.

Continue to pray for my family. Paula is looking at changing schools next year. Where she currently teaches, there have been one shooting on school grounds and four students killed within a few miles of her school in the last few weeks. On a lighter note, Kinsley, our oldest daughter is

getting married in June. Kyla, our youngest is headed to Tokyo, Japan this summer with International Missions for a six-week internship. So, Paula and I have a lot in which to be thankful.

Thank you again and please keep praying.
